

# Framework

**Stand Alone Manifestos for Change is a voluntary programme for student unions, where student officers and staff work with Stand Alone to improve how they support and represent estranged students.**

The manifestos are centred on the four categories below, where participants will both outline their current provision and what more they intend to do in each area in future. The stated improvements make up the manifesto pledges. Feel free to use the subheadings to guide your thinking.

## Welfare

### Student finance

SU help to access university support, navigating student finance applications, identifying scholarship opportunities, etc.

### Housing

SU working with university/college accommodation, advice provision, signposting to other support, etc.

## Wellbeing

### Physical health

Work on gym and physical fitness accessibility, cost of sports team memberships etc.

### Mental health

SU wellbeing support, programmes, and opportunities, SU cooperation with institutional counselling, etc.
