Background notes

This workbook contains two worksheets. The first worksheet provides data on estranged students supported by SAAS and the second worksheet provides data on students in receipt of the care experienced bursary. All data is presented for the academic year 2020-21 and is broken down by institution, and by various equalities characteristics. The data is all sourced from SAAS management information systems. SAAS input a marker for HE estranged students within its data collection from AY 2018/19.

A Care Experienced Bursary is awarded to undergraduate students who had been looked after by a Local Authority in the UK before they turned 18. Prior to 2020-21 there was an additional eligibility condition that the student must be under 26 years of age on the first day of their course, but in 2020-21 this age cap was removed. This is a non-income assessed bursary of £8,100, which is placed alongside a tuition fee grant. Students entitled to the Care Experienced Bursary are not eligible for the Young Students' Bursary, Independent Students' Bursary, or living-costs loan support but may apply for living-cost grants.
